

# Editing Video Details and Downloading Videos

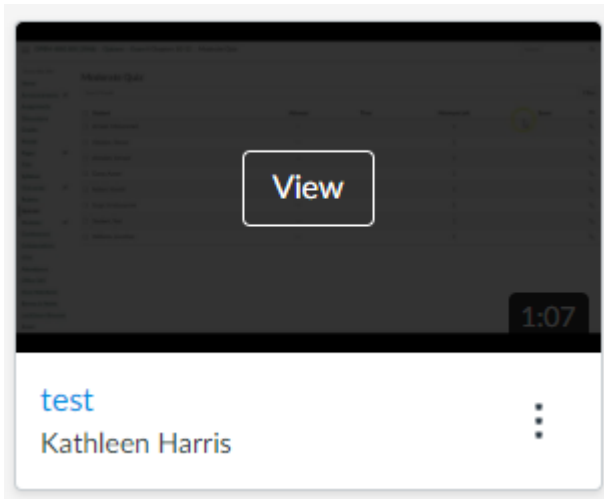

This guide enables users to edit video details and tags as well as download original videos from Canvas Studio.

## Canvas Studio: Edit Details and Tags

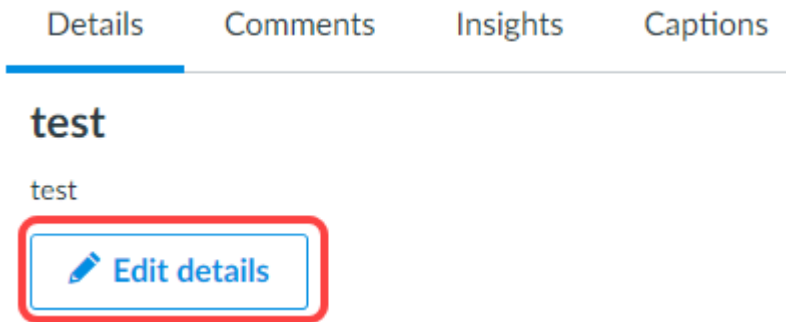

- ❑ Navigate to your course in Canvas. Click on the **Studio** menu link.
- ❑ Locate the video you want to view on the **My Library** page, or search for the media in the search field.

- ❑ Hover over the media and click 'View' on the media thumbnail.

- ❑ Click the **Details** tab then **Edit details**.

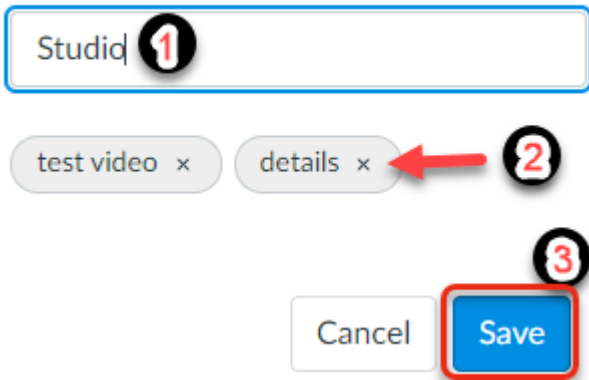

- ❑ Enter or edit the media in the **Title** field; add or edit a brief description for the media in the **Description** field.

Title

Description

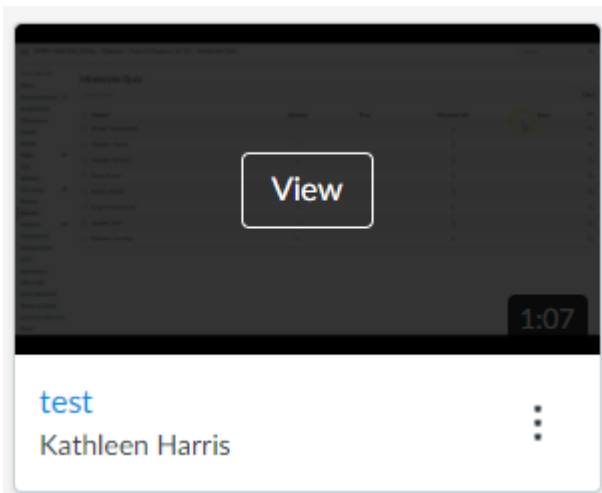

- ❑ To add a tag, enter a tag in the **Tags** field [1], then press Enter or Return key; you can add as many tags as you like. To remove an existing tag, click the **Remove** icon [2]. When finished, click the **Save** button [3].

## Tags

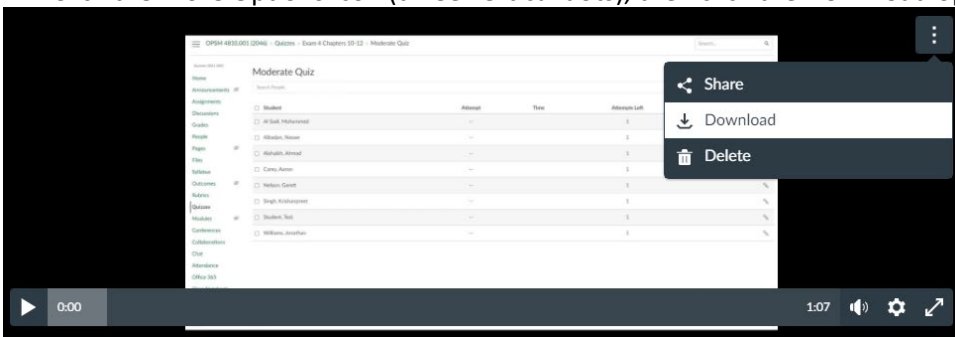

## Downloading Your Studio Videos

- You can download original content that you have added to your library in Canvas Studio.
- Click the 'View' button on the video thumbnail in your Studio library.

- Click the More Options icon (three vertical dots), then click the **Download** option.

- Your media will be downloaded as an mp4.
